A Bunzl  
brand

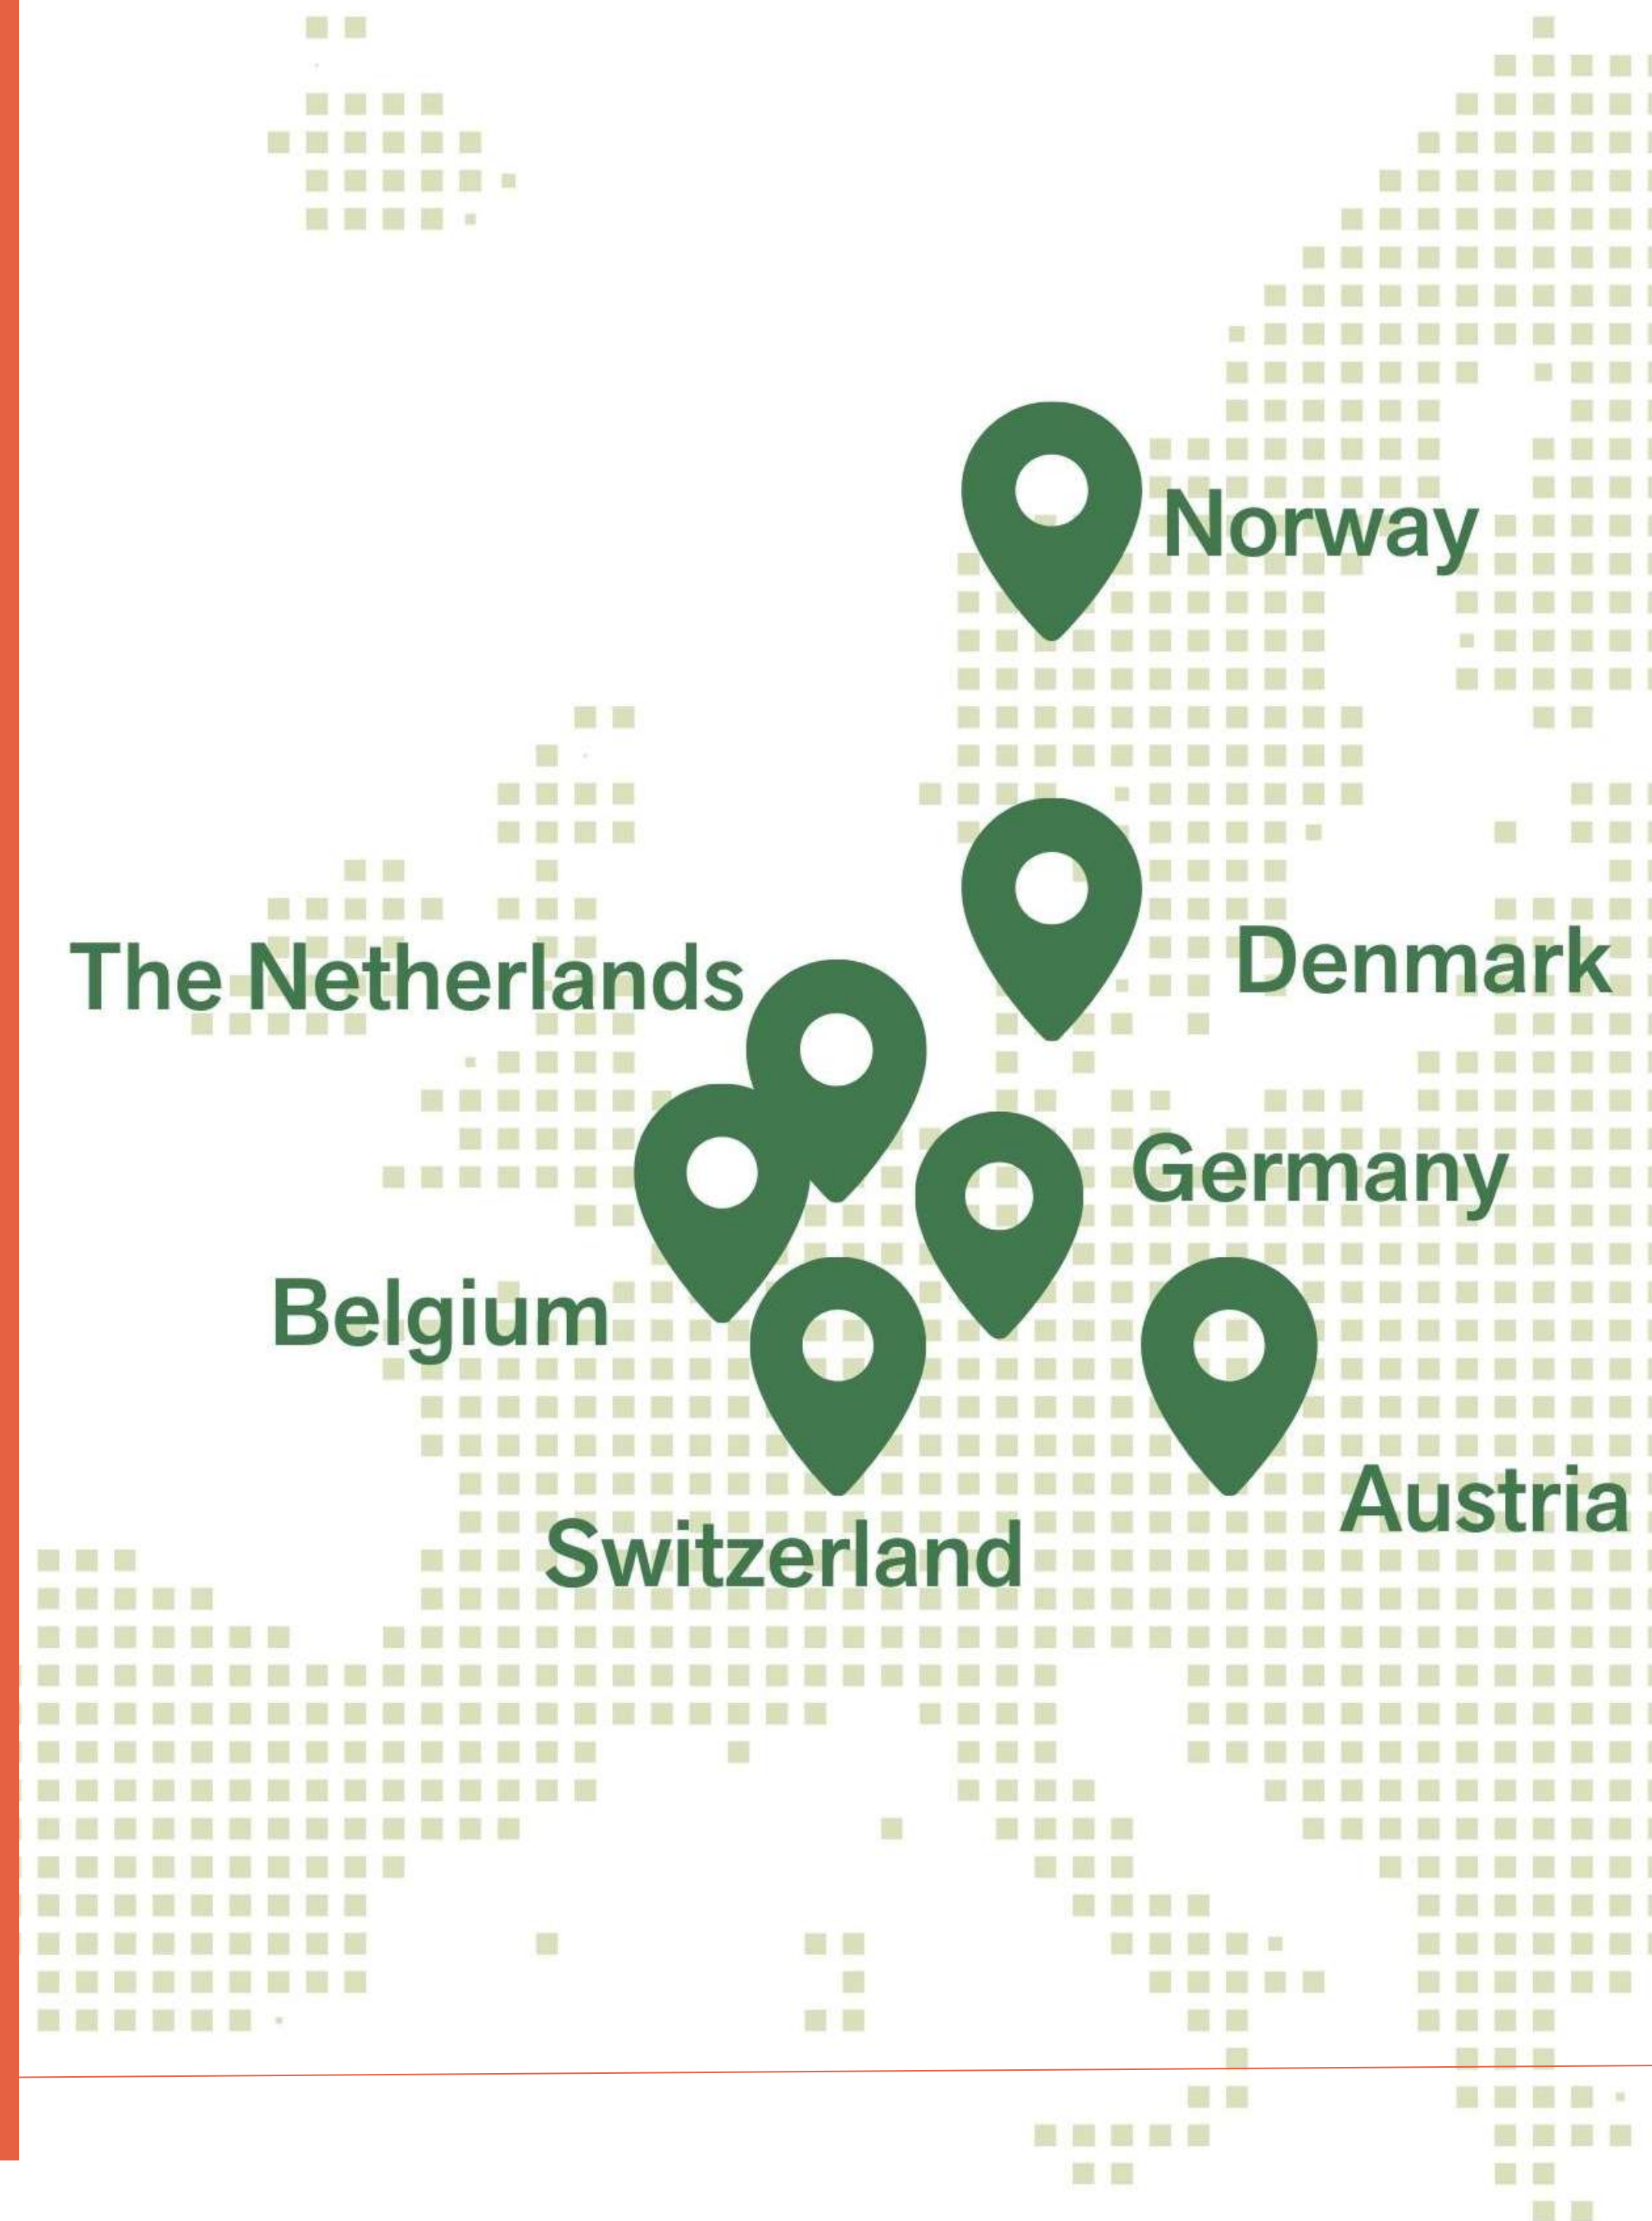

# Where to buy Verive

Verive is a brand of food packaging sold exclusively by Bunzl companies.

If you'd like Verive for your business then get in touch with one of our partners, or buy directly through their website. If you don't see a partner in your region then reach out to us directly.

You can buy Verive here:

 Bunzl Großhandel Germany	 Culina Norway	 Meier Verpackungen Austria	 Bunzl Distribution Denmark Denmark	 King The Netherlands
 Weita AG Switzerland	 Bunzl Foodservice The Netherlands	 MultiLine Denmark	 King Belgium	 RETAIL & INDUSTRY Bunzl Retail & Industry The Netherlands
 Variapack Variapack Belgium	 Hygi Germany	 Bunzl Ireland Ireland	 catering supplies Bunzl Catering Supplies UK

# The Verive Commitment

Made from renewable or recycled resource

Responsibly sourced

Reusable, recyclable or compostable

Read more about our product commitments here:

# Our specifications

## Icon key

### Sourcing:

-  Recycled resources
-  Locally sourced
-  Renewable resources

### Applications:

-  Stackable
-  Microwavable
-  Ovenable
-  Freezable

### End of life:

-  Compostable
-  Recycleable
-  Reusable

# Certifications

## FSC

You'll see this logo and a separate article number for the FSC version of our products.

If the partner you are buying with has the FSC audit process available then these products will be available through them. Please contact your local Verive partner for more information.

## Compostable

Where you see this icon it means that our products carry the certification for industrial composting. It confirms that our product will break down in 90 days in an industrial composting facility. We endeavour to carry this certification for all Verive products that are not mono-material, in essence any products that have been lined.

# Legislation

## SUPD-proof

These products can be used for onsite and takeaway consumption of food and drinks.

A combination of reusable and disposable is the optimal solution for many.

Read more about how to adapt here.

## No PFAS added

New (and old) legislation bans the use of certain groups of PFAS in food packaging in some European countries.

Our products marked with the PFAS icon are usable in these locations.

## Reusable

Wherever possible we give you a guide on the approximate number of reuses you can expect from our items.

In the majority of cases our products are personalisable. For more info and to discuss your designs, get in touch at [info@verive.eu](mailto:info@verive.eu).

# Cups and bottles

# Cups

## Bamboo - Aqueous lining

**i** Our coffee cups all come with the SUP turtle logo as aqueous lining contains a small percentage of plastic.

# Beyond reusable packaging

---

New

### Specifications:

- ✓ AX Code: 80550817
- ✓ Size: 10L Canister
- ✓ Smart dosing system available on request

### Product properties

- Concentrated rinse for all reusables without leaving marks.
- Helps the products to dry faster.
- Works for PP, PC and Composite materials.
- Works with Primesource chemicals

### Other specifications:

- MOQ - 1 canister

New

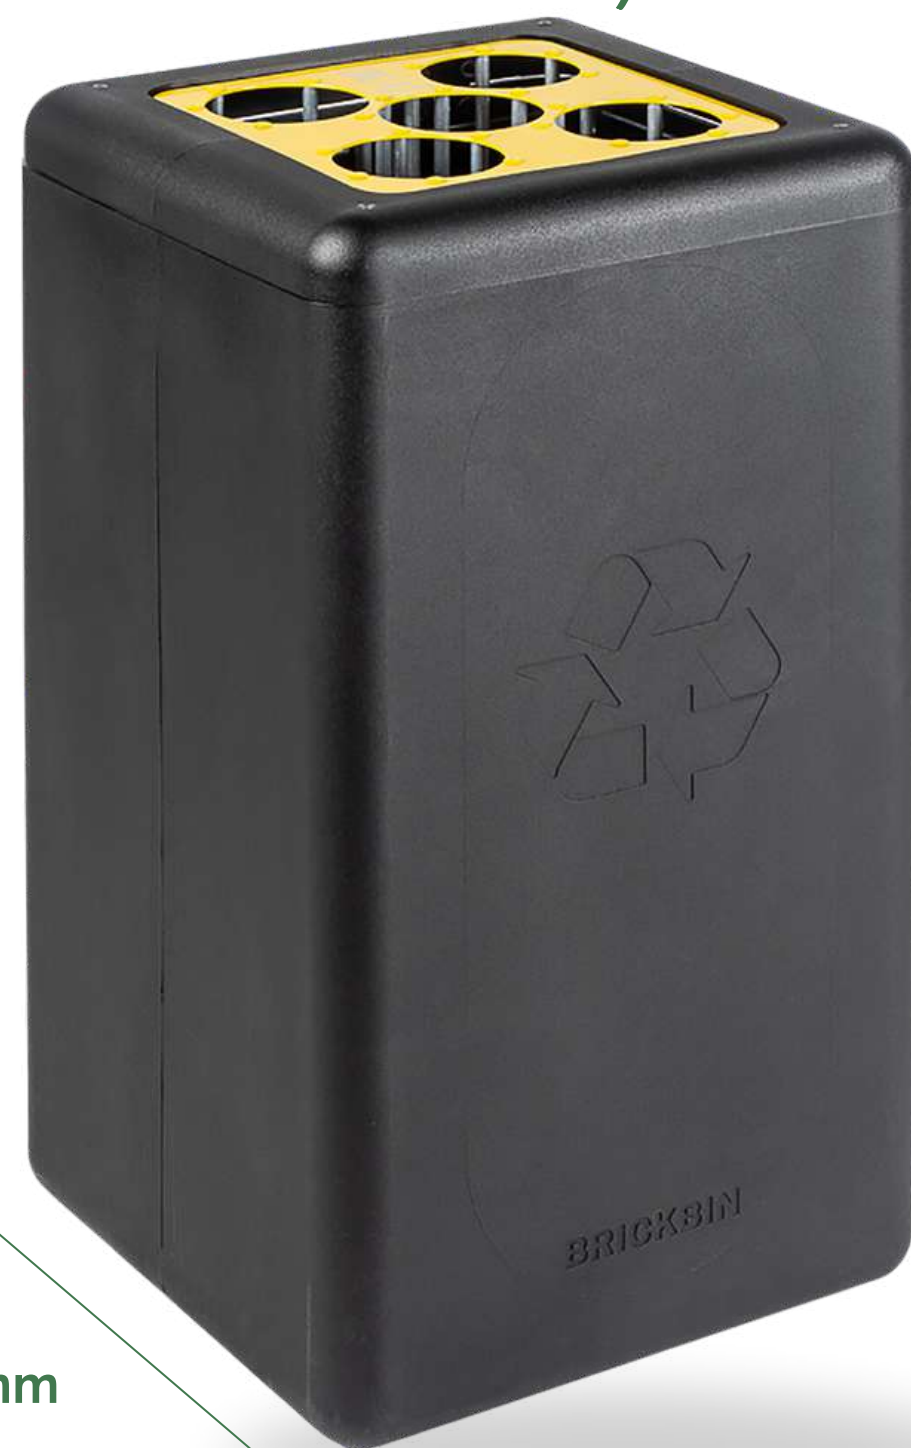

Locally sourced

## Model 1: Brick bin

Optional insert for easy stacking of cups

700mm

350mm

350mm

### Features:

- ✓ Bin colour options:
- ✓ Bin lid's colour options:
- ✓ Capacity: 65 L
- ✓ Material: made from recycled plastic (HDPE)
- ✓ Fitting waste bag size: 60x80

### Customisation:

- Sticker 12.5cm
- Front plate 12.5cm
- Aluminum cup stacker (custom sizing available)

### Other specifications:

- Approximate cups: 500 with stacker, 150 without stacker

**Tip: best for outdoor & indoor use**

New

Locally sourced

## Model 2: Bonton bin

### Features:

- ✓ Bin colour: ●
- ✓ Capacity: 70 L
- ✓ Material: made from recycled plastic (HDPE)
- ✓ Fitting waste bag size: not needed/70x110

### Customisation:

- Sticker: 68x25cm
- Aluminum cupstacker (custom sizing available)

### Other specifications:

- Approximate cups: 500 with stacker, 150 without stacker
- Cleaning: liner can be cleaned

**Tip: best for outdoor & indoor use**

New

## Model 3: Canman

### Features:

- ✓ Bin colour: ●
- ✓ Capacity: 145L
- ✓ Material: made of virgin material
- ✓ Fitting waste bag size: 80x110

### Customisation:

- Custom wrap

### Other specifications:

- Approximate cups: 300 cups
- Cleaning: can be rinsed

**Tip: best for outdoor & indoor use**

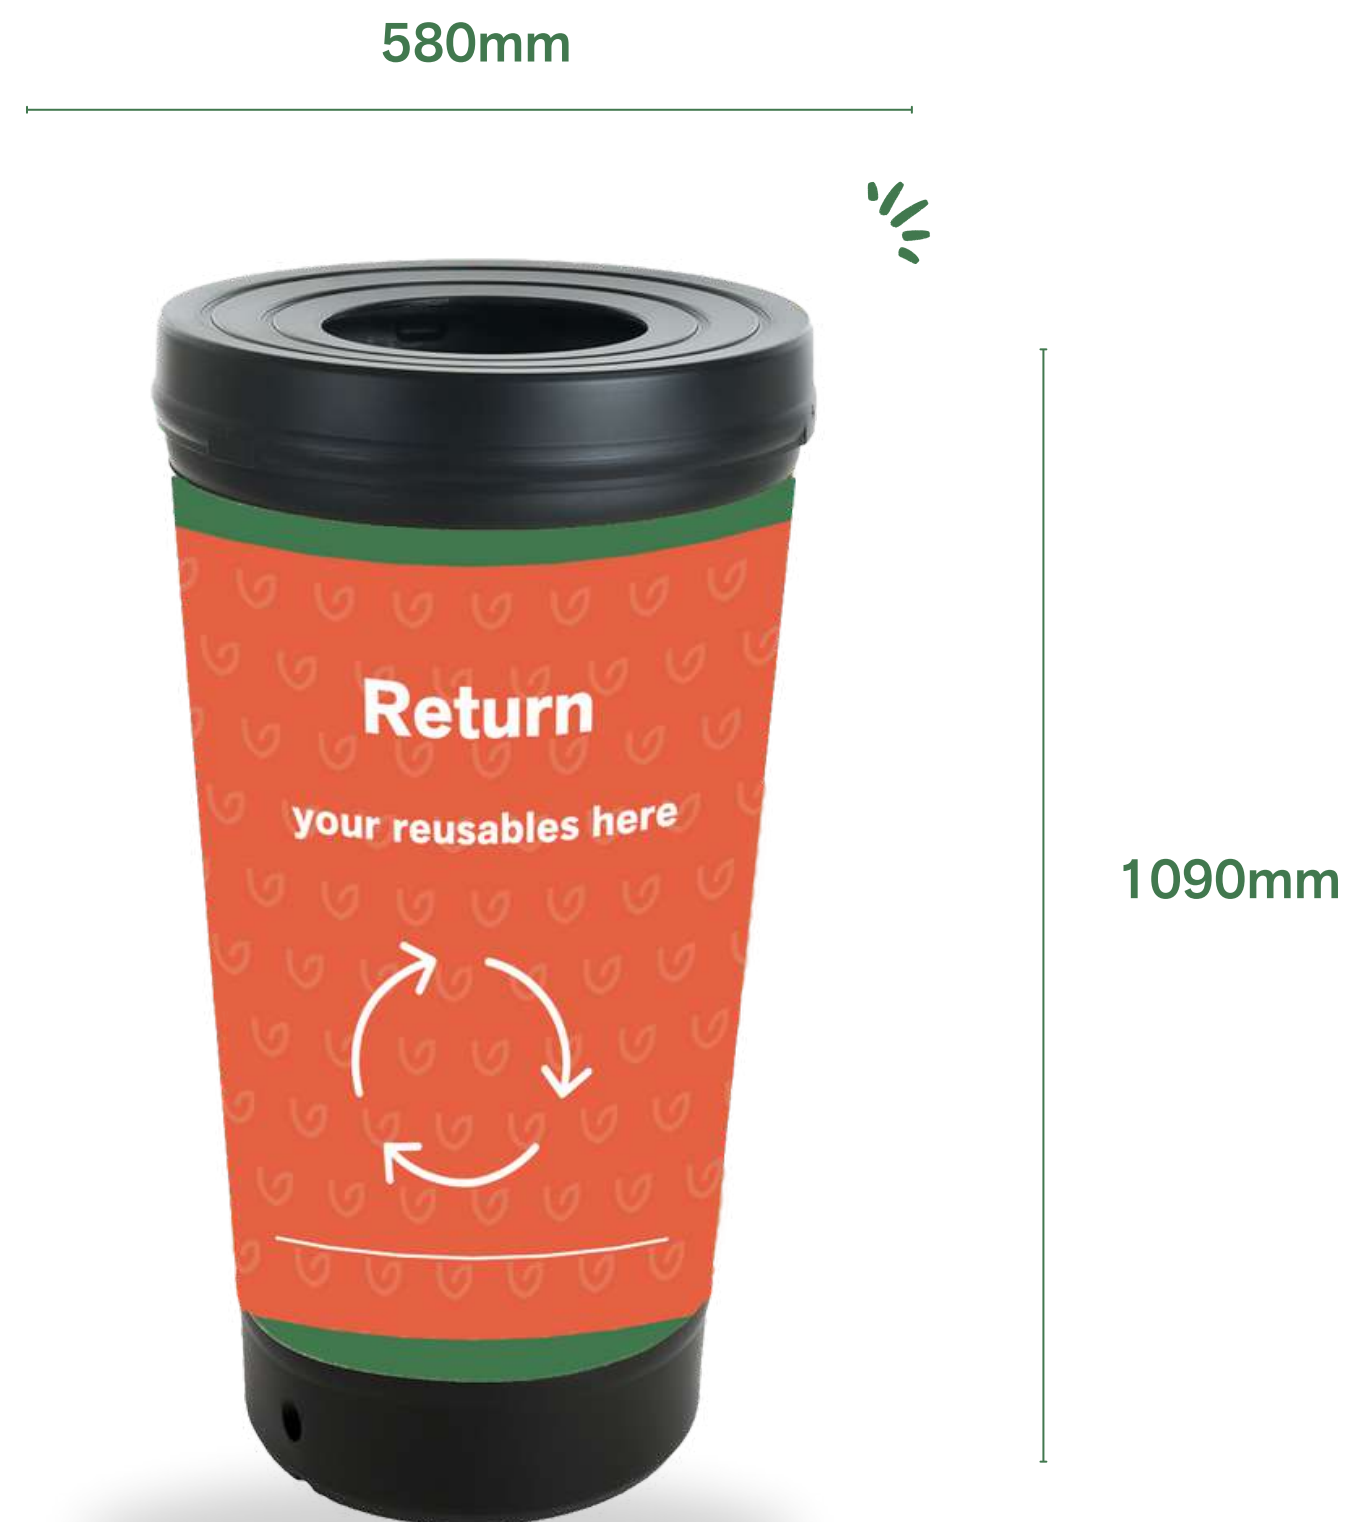

New

Locally sourced

## Model 3: Trashman

### Features:

- ✓ Bin colour: black
- ✓ Capacity: 210L
- ✓ Material: made of recycled plastic
- ✓ Fitting waste bag size: 91x135

### Customisation:

- Custom wrap

### Other specifications:

- Approximate cups: 400 cups
- Cleaning: can be rinsed

### Tip: best for outdoor & indoor use

- ❗ Extra weight should be added to the bottom part for outdoor use

New

Locally sourced

## Model 4: Smart bin

1600mm

746mm

### Features:

- ✓ Bin colour: ●
- ✓ Capacity: 360L
- ✓ 220V power supply
- ✓ RFID package recognition technology
- ✓ NFC payments

### Customisation:

- Stickers

### Other specifications:

- Approximate cups: 500pcs
- Cleaning: wheelie bin can be rinsed
- 36L wheelie bin, to be purchased separately

**Tip: best for outdoor & indoor use**

bring it to life

# Our reusable materials

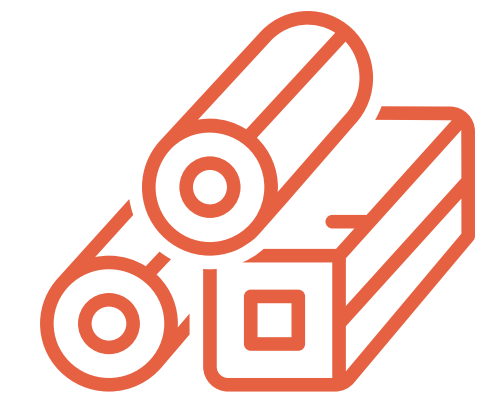

**PP**

Polypropylene is a thermoplastic polymer used in a wide variety of applications. PP has a high melting point therefore it is suitable for hot liquids and foods and is dishwasher-safe.

**Wood fibre and PP**

A composite of 40% wood fibre, 60% PP. The wood fibre derives from unused residual materials in production. This material is dishwasher safe.

**Chrome steel**

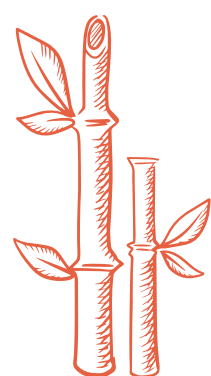

Our chrome steel consists of an alloy of 18% chromium, 81% fine iron and 1% carbon. This material is dishwasher-safe.

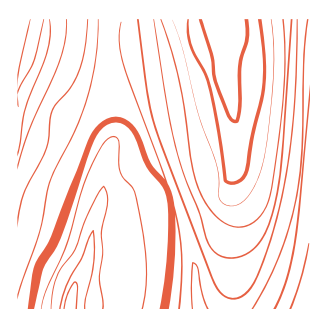

# Our disposables materials

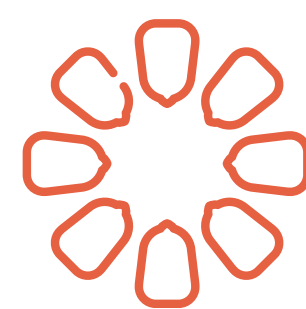

## Bamboo

Strong, durable, heat-resistant, oil, moisture, and freezing resistance. Ovens and microwaves are safe up to 200°C.

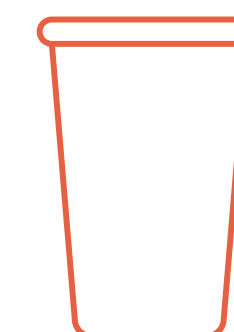

## Wood

Strong and sturdy birch wood with a thin layer of wax. Suitable for both hot and cold applications.

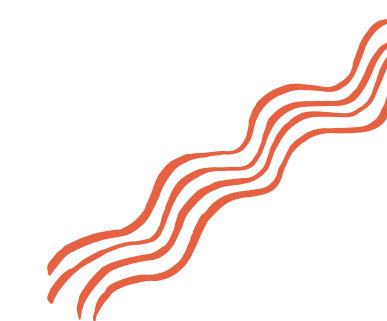

## PLA lining

A bioplastic derived from renewable resources. Oil resistant, industrially compostable. Suitable for hot and cold applications.

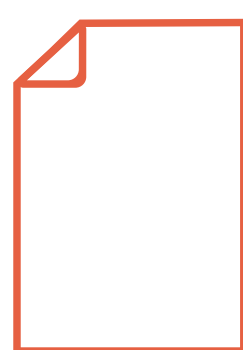

## rPET

Contain minimum of 51% recycled content. rPET can withstand temperatures up to 70°C.

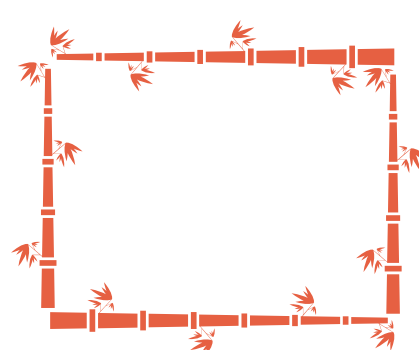

## Aqueous lining

Water-based lining or coating. Suitable for hot and cold applications.

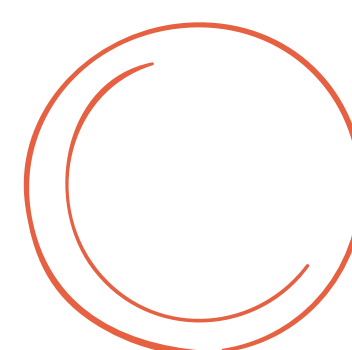

## Paper

Smooth, flexible, greaseproof. Suitable for hot and cold applications. Microwavable.

## Bamboo paper

Strong, durable, heat-resistant, resistant to oil, moisture, freezing resistant. Ovens and microwaves are safe up to 200°C.

## Bagasse

Strong, sturdy and smooth. Microwave, freezer and oven safe. Water resistant. Suitable for hot applications up to 120°.

## Palm leaf

Safe, durable and strong. Oil, moisture, and freezing resistance. Microwaves and ovens are safe up to 200°.
